

21 SEP 1976

NOTE FOR: Chief, Logistics Services Division, OL  
Chief, Procurement Division, OL  
Chief, Real Estate and Construction Division, OL

STAT

FROM : [REDACTED]  
Executive Officer, OL

STAT

1. Please note the attached memo re the ADSTAR program.  
[REDACTED] is sending three more copies of the requirements  
plan and the management plan for your review and retention.

STAT

2. I recommend that each division establish a focal  
point officer. Obviously [REDACTED] is already in touch with  
CRS, so he would be one. I would suggest that RECD use  
[REDACTED] because of the close relationship between  
ADSTAR and SAFE. Perhaps we ought to have a single over-  
all focal point within OL, but I defer to the three of you  
to determine whether this is necessary.

STAT

STAT

3. Bill, [REDACTED] advises that discussions are now under-  
way as to whether ODP will take over project development and  
then turn a finished system over to CRS. He seems to feel  
that ODP will probably get it.

4. Perhaps we can discuss all of the above for a minute  
or two after one of the staff meetings.
